

Hazardous Materials Transportation Workshops

Local Interest, National Appeal

FREE!

OVERVIEW

The **Hazardous Materials Regulations** (HMR; 49 CFR Parts 171-180) specify requirements for the safe and secure transportation of **hazardous materials** in commerce by rail car, aircraft, vessel, and motor vehicle. These comprehensive **regulations** govern transportation-related activities by offerors (e.g., shippers, brokers, forwarding agents, freight forwarders, and warehousemen); carriers (e.g., common, contract, and private); packaging manufacturers, reconditioners, testers, and retesters; and independent inspection agencies.

The HMR apply to each person who performs, or causes to be performed, functions related to the transportation of **hazardous materials** such as determination of, and compliance with, basic conditions for **offering**; filling packages; marking and labeling packages; preparing shipping papers; handling, loading, securing and segregating packages within a transport vehicle, freight container or cargo hold; and **transporting hazardous materials**.

This one-day workshop provides an overview of **how to use the HMR** and a summary of many of the requirements found in the HMR which can affect transportation safety to include: **Training Requirements, Packaging, Hazard Communications, and Security**.

WHO SHOULD ATTEND

Anyone who offers or transports hazardous materials in commerce or has a desire to learn more about USDOT's Hazardous Materials Regulations.

AGENDA

7:30 - 8:00AM Registration

8:00 - 8:15AM Workshop Overview

8:15 - 9:15AM How to Use the HMR

Review how to locate specific HM information in the Hazardous Materials Regulations (HMR; 49 CFR), e.g., Hazardous Materials Table, mode restrictions, proper shipping name, hazard class, division number, ID number, packing group and packaging, special provisions, labeling, marking, and placarding requirements.

9:30 - 10:30AM Training Requirements

Discuss the hazmat employer and employee training requirements in 49 CFR 172.700.

10:45 - 11:45AM Package Selection, Marking, and Labeling

Learn how to select the proper package, properly mark the package, and label the package.

11:45 - 1:00PM Lunch (on your own)

1:00 - 2:00PM Shipping Papers and Emergency Response Information

Learn how to properly describe a hazardous material on a shipping paper including additional descriptions and emergency response information.

2:15 - 3:15PM Placarding Requirements

Learn how to determine the required placarding when offering and/or transporting hazardous materials.

3:30 - 4:30PM Security Requirements

Provides an understanding of the security threat, an overview of the specific requirements of HM-232, and suggestions and guidance on how to comply with the regulations.

4:30 - 4:45PM Wrap-up Questions and Answers

••• PLEASE BRING YOUR 49 CFR TO THE WORKSHOP •••
